I want to go to a 4 year college and my school currently is the best way to get there because we have some ok services like the CCC which told me of the program SMASH and i wanted to try it out knowing that the chances of me getting in were pretty low. For now i want to go to UCSC just like my cousin did. I want to get good grades and participate in different opportunities so that i stand out from other applying students.

EDUCATION:

Completed 1 year at Making Waves Academy

Graduation Date: 2021

EXPERIENCE:

Tree Planter 23rd st. Richmond California

4/20/18

We planted trees in a greenway for a day.

SMASH UC Berkeley
